

# Investing for Success

Under this agreement for 2022  
Bli Bli State School will receive

**\$245 180\***

## This funding will be used to

Support our continued journey of improvement through:

### 21<sup>st</sup> Century Curriculum and Literacy/ Numeracy focus

- supporting improvement in student outcomes in English and Mathematics
  - better than 92% of students achieving C or higher
  - better than 50% of students achieving B or higher
- supporting early years transitions for a 'Great Start'
  - 10% increase playgroup attendance
  - 100% of families offered participation in Prep Preparation suite of events

### Positive Culture for Learning and Diversity focus:

- 100% of students participating in wellbeing activities to support engagement
- 100% of teachers participating in Professional Learning to support diversity
- Increase school daily attendance to 92%

### Digital Futures

- 10% Increase in engagement with ICT teaching and learning tools
- 80% Increase in school's wireless coverage (infrastructure support)

## Our initiatives include

### 21<sup>st</sup> Century Curriculum and Literacy/ Numeracy focus

- Continue to engage staff in growth cycle processes to identify and improve student performance
- Continue formalised moderation within planning and meeting cycles
- Utilise support staff to offer classroom support for specific improvement in literacy and numeracy
- Provide additional teacher aide support in all classrooms to assist with specific literacy and numeracy improvement strategies
- Continued growth of school-based playgroup utilising school staff and equipment
- Continued growth of school-based Prep Preparation program

### Positive Culture for Learning and Diversity focus:

- Establishment of student engagement teacher role within the school to support learning, behaviour, wellbeing and attendance improvement
- Teachers will be engaged in professional learning to support 'Diversity-We all Belong' strategies being implemented within Education Queensland at a state, region and school level
- Teacher aides being employed specifically to support student wellbeing and engagement with learning

### Digital Futures

- Employment of a STEM teacher to support increased use of technology in classrooms and teacher skillsets

**Queensland  
Government**
